

MOCK TRIAL 2008

Please find enclosed the course materials for this year's mock trial. I'd like you to look over the case in advance of our first meeting, which will be after school on Tuesday, December 4.

On both A and B club days, I'm in homeroom 212 during the activity period. Please feel free to stop by during any club day. You can also e-mail me anytime.

Also, visit my website, **mrtripodi.org**. I'll post regular updates there, and it'll be our clearinghouse for information, updates, and communication among participants.

I look forward to seeing (and, in most cases, meeting) you next week.

Mr. Tripodi
