

Portfolio entry worksheet

Grading: 10 points per entry, plus a percentage of your overall portfolio grade

Due: Every Thursday at the beginning of class

Assignment: Find an interesting map and bring in a copy of it. Fill out this worksheet. Be prepared to present your map and defend your observations and analysis.

Type of map
(List all types that apply)

Where you found it
Cite your source as though it's a research paper. If you found it online, give me the full web address (either the URL of the page where you found it, or the URL of the image itself).

Summary
1. What's the point of this map? What does it show?
2. Where on the globe do you find it?

Summary

3. How does this differ from other maps you've seen of the area?

4. Who would you expect to use this type of map?

Analysis

1. What makes this an effective or an ineffective map?

2. Does the author show any bias or agenda with the presentation of information? Why or why not?

3. List three specific things you learned from this map.
 - a.

 - b.

 - c.
